For Immediate Release

MaxCyte To Present at the BIO Mid-America VentureForum

Gaithersburg, MD, September 18, 2006 – MaxCyte, Inc., a clinical stage therapeutic company and pioneer in clinical scale cell loading systems for cellular therapy, including personalized cellular approaches, announces Douglas Doerfler, President & CEO, will be presenting at the BIO Mid-America VentureForum in Cleveland, InterContinental Hotel Cleveland, Tuesday September 26th at 9:30 AM in Room “A”.

Mr. Doerfler will provide a brief corporate overview and discuss the company’s preclinical and clinical product candidates, partnering portfolio, and enabling technology for therapeutic development and biotherapeutic manufacturing.

About MaxCyte

MaxCyte is a clinical-stage cell therapeutics company with a rapidly growing pipeline of product development partnerships in cell-based therapies. The Company’s proprietary *ex vivo* cell loading technology overcomes critical obstacles such as safety, scalability and reproducibility, which are fundamental to successful cell-based therapies. MaxCyte has demonstrated the value of its versatile technology in partnered therapeutic programs in oncology, pulmonary, metabolic and infectious diseases as well as in development collaborations with leading researchers: one in Phase I/II clinical trials for treatment of chronic lymphocytic leukemia (CLL) and several preclinical programs in oncology and regenerative medicine. More than 16 commercial and academic partners are currently using the MaxCyte technology. The MaxCyte system has an FDA Master File in place at CBER.
